

1

A new entrance road off of Wellington Road and a new bridge across French Creek link the existing neighborhood to the South 40. The community building and "historic" bridge are placed at this important junction.

3

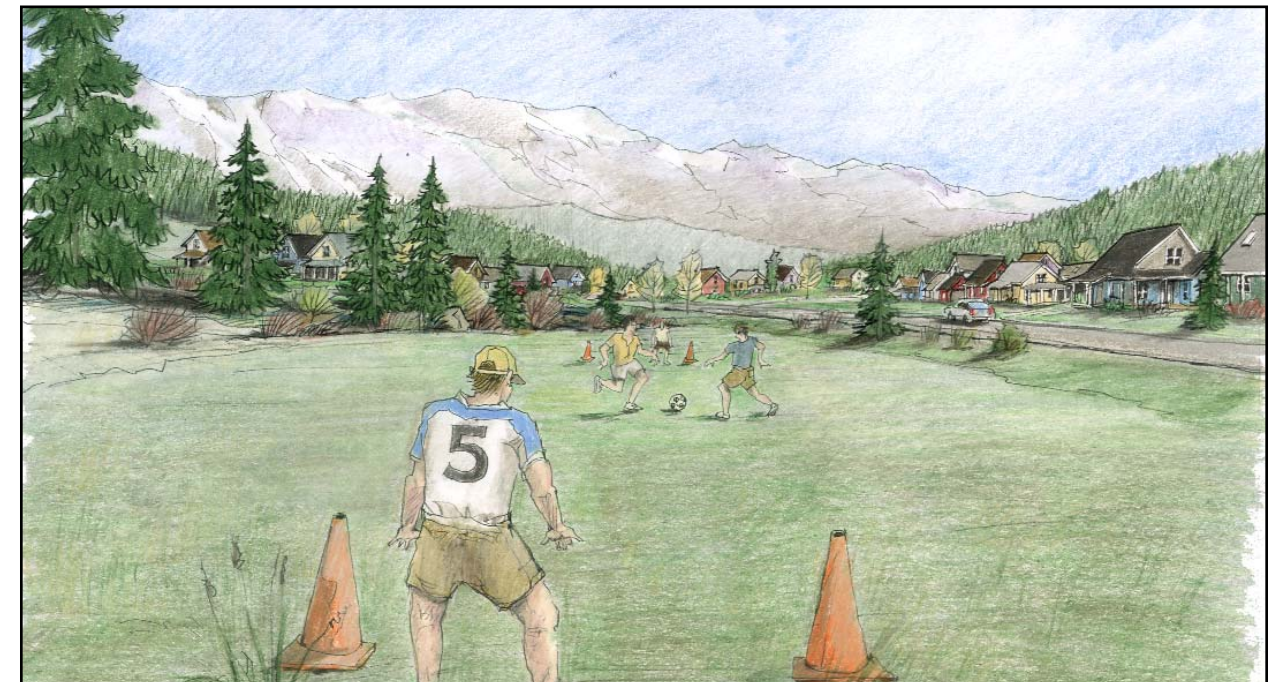

A pedestrian crossing using stepping stones leads to an outdoor room at a place along the creek where existing vegetation is dense, and the view is incredible.

2

An existing construction bridge is modified to create a pedestrian crossing to connect to the new kid's playground and the South 40 neighborhood.

4

A turf area big enough for active recreation is placed between Queen-of-the-West Road and French Creek.
